Chairman's Message

Most Rev. Lumen Monteiro, C.S.C., D.D

I am very happy that we are able to present the Annual Report of JUST for 2016-17. JUST is the development wing of the Diocese of Agartala, headed by Fr. Jeevan Kennady, SVD. For any Organization to be successful we need efficient leadership that will help take the Organization forward. At JUST we have this leader in the person of our Executive Director, Fr. Jeevan Kennady, SVD. At the very outset I want to congratulate and thank him for the sense of

direction, dedication and urgency he has put into JUST. He is assisted by a committed Staff and they too need a special word of appreciation. Our numerous Partners in Development, without whose support the work of JUST would be highly reduced, are also in our list of gratitude. Thank you everyone.

JUST has been involved in a variety of development initiatives in Tripura for the past two decades. Through its programs, it has made meaningful interventions into the lives of the rural people of this land-locked State. The Organization is involved in networking, advocacy, capacity building, and educating people in the principles of development always keeping the Gospel values in mind. JUST works within the framework of the vision and mission, namely self-reliance through empowerment, networking with like-minded NGOs, to help build a better society.

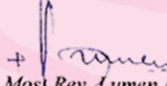

In the Reporting Year 2016-17 JUST had conducted a number of programs which are reported in this Annual Report with photos, and I am sure that you dear Reader, will enjoy reading it, at times finding yourself elated with the good work that is done. The new program of JUST in the reporting period was the RPL (Recognition of Prior Learning) under Skill India Program. In this program 300 SHG Women were provided Certificates on Handloom and Weaving. JUST collaborated with the Ministry of DONER by providing Project Facilitation Team to reach the Government programs to the grass-roots in 3 RD Blocks of West Tripura.

The Annual Report gives a snap shot of many other programs undertaken by JUST and the tangible results they have achieved. I mention a few: Community based Rehabilitation Program, Women Empowerment through Capacity Building, Community Managed Disaster Risk Reduction Program, and the Integrated Community Development Program. The Integrated Malaria Control Program-III (IMCP), Peace Building and Conflict Transformation in NE, Improve the Living standard of 600 Tribal Reang Families through Training on Income Generation Activities, and Women Empowerment through Capacity Building Program are some others that were conducted this year. Their success stands as a witness to the impact that the Organization is making in the State of Tripura.

Director's Message

Dear Friends,

It is with great joy I present to you our Annual Report for the financial year 2016-2017. As Nelson Mandela had said once, *"There is nothing I fear more than waking up without a program that will help me bring a little happiness to those with no resources, those who are poor, illiterate and ridden with terminal disease"*. It was the similar feeling as we began our new financial year in April 2016. One of the frequently used idioms in today's development sector is financial Crunch. Though fund is only one of the components of developments, yet it is most crucial component.

In spite of the challenges of mobilizing resources, we have achieved a lot during the reporting period. Along with our regular intervention of Women Empowerment through SHG movement, we have managed to train the women in RPL and obtained Skill Card and Skill Certificate for over 350 women in weaving, from Textile Sector Council under PMKVY scheme of Government of India. Thanks to SAET for the collaboration in this regard.

A lot of networking has happened with different likeminded Institutions and Government Departments to develop the Farmers, Disabled people and SHG women. CFLE and ICAR partnered with us for the development of Farmers in West Tripura, ALIMCO and SSA department in Teliamura Block enhanced our effort to empower the disabled. NABFins along with IVDP came forward to develop our SHG women into entrepreneurs. Timely support of TRIFED helped us to organize (TAM) Tribal Artisan Mela to identify the Tribal Artisan for forward linkage and marketing.

Though we began our voyage with a feeling of dearth of resources but as we sailed through we were blessed with enough resources from our generous donors and well wishers. We gratefully remember their contributions in our development initiatives.

I also thankfully remember all our General Body Members, Governing Board, friends and collaborators for the role they have played in the achievements of JUST family. A big thank you to our ever encouraging Chairman Most. Rev. Lumen Monteiro, CSC D.D. Sr. Amali, Fr. Shaiju and all the staff members for the selfless service rendered for the people of Tripura through JUST during this financial year.

We have also future plans to scale up our development initiatives in the new Financial year 2017 - 2018. We have plan to provide nutritional support to the children in our non formal coaching centers. There is also a plan to take up Digital literacy and Financial literacy programmes as part of new initiatives. We will also soon with People Led Approach involve in promotion of Bamboo preservation Techniques among the target communities. As we end a financial year and begin another look forward to have many more partners to materialize our future plans with your generous resources.
