From Director’s Desk.........

Dear Friends,

We have begun our new year with the words of Pope Francis, “To serve human life is to serve Divine. All life, from life in the mother’s womb to that of the elderly, the suffering and the sick, and to that of the troublesome and even repellent, is to be welcomed loved and helped.”

The last quarter of 2017 had been an eventful one for JUST family. We had a lot of events and activities from October 2017 to December 2017. There were number of trainings and capacity building workshops and Seminars organized both at the central level and field level. We have also linked the farmers and SHG women with NABFINS for financial assistance to take up various Income Generation Activities.

One of the highlights of the quarter was the annual gathering and Advance Christmas Celebration of JUST family together with the Staff, G.B. members, Stake holders and well wishes. This was a day of unity, strength and happiness. Let me also take this chance to thank all of you for your partnership with JUST in various ways in establishing a just, peaceful and self reliant society during the year 2017. Let us also promise to be there, for one another as fellow members of humanity, in the finest sense of the word in the New Year 2018.

Wish you all a very happy and prosperous new year.

Fr. Jeevan Kennady, SVD
Director, JUST

**Motivation Youths**

Awareness programs on the topic ‘Motivating youths on valuing the rich cultural values and ethics’ was conducted in the month of October 2017 in 15 Farmers’ Clubs by the animators. The main topics discussed in the programs were: Hukbar, Traditional Dress and Traditional food habits.

Hukbar: The Animators shared about our traditional way of practicing Jhum, how people used to go for finding suitable plots for cultivation and how signs were marked for booking the plot. They explained about how people did most of the works together helping one another. They also shared about how people called each other for works and how in the calling tune (Jadu ni Koliya) the traditional song especially sung during Jhum cultivation came into existence.

Traditional Dress: The resource person then shared about the traditional dress of the tribal’s of Tripura. He spoke about Chamaithi Bar, Risa, Rangphwng and many other traditional dresses of all the different sub tribes. He shared that our traditional dress is that which reveals our identity and it is very important to value and preserve it. He shared that each and every one should pass the knowledge of preparing the traditional dress and its importance to their children and the generations still to come.

Traditional Food Habits: The resource person then shared regarding the traditional food habits namely, Gudok, Awandru, Chakthi, bermabwiti and many other ways and systems of food habits. He shared that now a days our traditional food habits are also getting mixed with different other styles. We should give more importance in preserving our traditional food habits rather than losing them. He shared about how people did not need fermented fish earlier and how they managed to make it by themselves. Many other points were discussed.

**Livelihood Support to SHG**

To promote Income Generation Activities (IGA) and boost the income of the SHG’s weaving materials were provided to the SHG’s by JUST in the month of October 2017. It will provide livelihood to around 50 Reang SHG women. Weaving is a traditional activity among Reang women who used to make dresses at home using the traditional loom. This support will also provide them a sustainable livelihood for a dignified life. After receiving the assistance they thanked JUST for the support and said that they will make full use of this benefit and expand their livelihood.

As a part of skill up graduation training for the Reang PTG women, Vocational skill development training on tailoring was provided to the unemployed SHG’s women belonging to different groups under Ganganagar R.D. Block. 10 women were trained successfully and all of them were provided 1 sewing machine each by JUST with the support of IBC.

**Bamboo Preservation Techniques**

Two days training was conducted by JUST in collaboration with CFLE for the farmers on “Bamboo Harvesting and Preservation for Earthquake Resilient Green Buildings” at Borgachhia para from 15th to 16th November 2017.
The resource persons were Mr. Preetam Chadehury and Mr. Pratap Datta. There were 36 participants from Wabussa, Khamper and Borgachhia Farmers Clubs. On 15th November the training started with an introduction on the training by Dr. Pawan K. Kaushik, Regional Manager CFLE. He spoke about the importance on the preservation of bamboo which was followed by video clips of what happen when earthquake occurs. Then the session was taken by Mr. Preetam explaining on what are the ways to do treatment. He shared that there are 3 ways, Boucherry method, boiling method and soaking method. He also shared on how to cut the bamboo from the garden, etc. The participants were then taken to nearby bamboo garden to show how to cut the bamboo and then started doing practical Boucherry method of treatment. The second day started again with a practical on treatment and then there was discussion on making a group of 15 persons who will take care of the treatment machine and the business which will be done in the future. Then in the afternoon the farmers were taught on how to do soaking method practically and the program ended with vote of thanks by Mr. Kanta Debbarma.

Awareness

Awareness Program on the eroding traditional farming practices were conducted from 1st to 8th December 2017 at 15 target villages. The main topic discussed in the programs was Jhum cultivation. The Facilitator shared that it is one of the most important cultural practice among the ethnic groups. He told that jhum cultivation involves clearing vegetative, forest cover on land, slopes of hills, drying and burning it before onset of monsoon and cropping on it. This means that there is a collective work in it. The Facilitator also shared one of the most important things which is a knowledge lacking by the farmers. The Farmers do not think to plant new trees after cutting down the trees for jhum cultivation. He also told to those farmers that they can plant Bael nuts around the surrounding as a landmark or boundary which will also gives them income.

External Elevation

External Evaluator Mr. A. Patra visited our JUST BDPO (Block level Disabled People’s Organization) Project in Belonia and Sabrom areas on 8th and 9th December 2017. The visit was divided into two segments. In morning (9 am to 12 am) session he met with 10 DPO leaders from the Project area. By discussing on project activities with them he got information about the project. He gave his valuable suggestions about strengthening the DPOs.

After the morning session he visited the field area. He first visited Karumamooey VDPO of L.C.Nagar panchayat area and discussed about the activities of the DPO. He checked the meeting register, Bank Pass Book, Loan Book, Micro saving Register and other documents of the DPO and gave his inputs on proper documentation. After that he visited Joyram VDPO, Loknath VDPO, Baba Brahamma VDPO and Agragami VDPO. At the end of the visit he discussed about the activities of the project with the project Coordinator and gave suggestions to him for the betterment of the project.

Campaign Against Drugs

The Facilitator Mr. Amit Debbarma started the program explaining why awareness on Drugs, Alcoholism and Domestic Violence is important in our society. He shared that the three points are connected to each other. He then further explained to the farmers by giving the examples like in the family if the couples have only one child, parents love so much that they don’t even correct if the child does any mistake leading the child to wrong ways. Different negative impact of Drug abuse and alcoholism were explained to the participants. He then told that women making alcohol for income generation activity is also bad habit which will lead to domestic violence in the family.

Good Governance

Awareness program on Good Traditional Governance Systems were conducted from 14th to 21st December 2017. The Resource Person was Mr. Rabindra Debbarma. He began the program by describing what is good governance system? He said that Good Governance is about the processes for making and implementing decisions. It’s not about making correct decisions, but about the best possible process for making those decisions. He then continued to share by identifying some good points about traditional governance systems practiced in our society. Likewise, helping hand among the community when someone is in need of help i.e. death or marriage in the village. Secondy, he spoke about selecting leaders in the group in which the person should have leadership quality; good relationship with others, understanding person and having the quality of helping nature. He also shared about self governance like Musukhna, a practice created by the community to control open grazing from destroying the crops and paddy. He also explained how community took ownership of solving petty issues by creating a platform for both the parties to explain their views.
